BRAINERD, MINNESOTA, TUESDAY, APRIL 19, 1910.

Price Two Cents

ONLY ONE VOTE CAST AGAINST IT

Campaign Publicity Bill Passed
by the House.

MAY GO THROUGH SENATE

Although Certain Leaders of That Body Are Opposed to It, for Political Reasons They Will Not Try to Prevent Its Passage—Representative Mann of Illinois the Only Man to Vote Against Bill in House.

Washington, April 19.—Full publicity of all contributions made to further national and congressional campaigns is assured in the future as a result of the passage by the house of the McCall bill. This measure provides that the managers of committees conducting campaigns in two or more states shall file with the clerk of the house a statement of receipts and expenditures. Representative McCall, author of the bill, and Perry Belmont of New York, who is here for the Campaign Publicity association, aver that the measure will be enacted into law.

Certain senate leaders are opposed to the bill, but for political reasons they will not attempt to prevent its passage by the senate.

Representative Mann of Illinois, the "great objector," cast the only negative vote against the McCall bill in the house. He protested against the bill as being so loosely drawn that it would compel not only the Republican and Democratic national congressional committees to file statements of their receipts and expenditures between ten and fifteen days before an election, but also would make it obligatory on the Federation of Labor, the National Civic Federation, the National Conservation congress and all similar organizations, as well as all newspapers publishing political editorials, to do the same thing.

Mr. Mann's speech, however, failed to make even a faint impression on his colleagues. It was noticed when the vote was taken—and with only one vote in the negative, there was, of course, no roll call—that some of those members known to have been opposed to the bill shouted the loudest for its passage.

The bill as originally introduced contained a paragraph especially exempting newspapers from the provision, but the committee had eliminated this as unnecessary.

ALDRICH IN POOR HEALTH

Reason Why He Will Retire From the Senate.

Washington, April 19.—Senator Aldrich authorized the announcement that he will not be a candidate for reelection to the senate and that he will positively retire at the expiration of his present term on March 3, 1911.

This announcement was made to a press representative who met the senator upon his return to Washington from Rhode Island, where he had been in consultation with his political associates.

"I have decided not to be a candidate again," said the senator. "Since something of my plans have leaked out already I would be glad to have you make that statement. I had not intended to say anything for a few days, as I would have preferred to have apprised my friends in Washington of my plans personally, but I suppose it is just as well as it is."

Mr. Aldrich talked freely of his determination to retire. Ill health alone dictated his decision. During his service in the Civil war he had a long siege of typhoid fever and as a result of that illness he has suffered periodically with intestinal trouble. These discomforts have manifested themselves when he has worked particularly hard and have caused him considerable worry.

WILL PROBABLY BE RETRIED

Case Against Four Prominent South Dakota Men.

Sioux Falls, S. D., April 19.—After being out twenty-four hours, the jury in the case of the United States vs. C. T. Morrison, Frank Brogan, Howard Beale and Joseph E. Nicowonger, all of Moberly, who were charged with having endeavored to influence a government witness in an Indian liquor case, reported a disagreement.

The jury stood eleven to one for acquittal, the juror who favored a verdict of guilty withstanding the arguments of his eleven comrades and finally forcing a disagreement. It is expected the case will be retried at a term of United States court which will convene at Aberdeen on May 3. The prominence of the defendants and the nature of the charge against them has made the case of unusual interest.

The trial was bitterly contested throughout. The defendants took the witness stand themselves and testified to the effect that the affidavit of Ignatius Carrier, a Sioux Indian, which formed the basis of the charge against the four men, was voluntarily made by Carrier, without solicitation on their part and without threats against Carrier or the promise of any reward.

GRAND THEATRE OPENING

New Play House Produced Fine Program to two Crowded Houses Monday Night

The Grand theatre opened its doors to the public last night as previously announced and played to the full capacity of the house at both performances. Only good words were heard on all sides for the house all calling it one of the prettiest little theatres they had ever seen.

The Brainerd City band turned out and gave a fine concert in front of the theatre prior to the first performance and when the doors opened there were many people waiting to enter.

The program for the evening opened with a piano overture by Miss Nellie Alderman, which was beautifully played. This was followed by a colored cameragraph production, "Poetry of the Waters," which was beautiful throughout and showed sublime scenes.

Joe Marsh, comedy cartoonist made a hit. He is not only a very clever chalk artist but a monologist of no mean ability. His work was heartily applauded.

"A Drama of the Mountain Pass" was another cameragraph production which was interesting and like all the moving pictures, very distinct and steady.

LaPetite Laurie was easily the star of the evening. This little girl is certainly one of the greatest hand balancers and benders ever seen in Brainerd, big or little. Her work was almost marvelous, the feat of standing with one foot on each of two chairs and bending backward and picking up a handkerchief with her teeth from the floor between the chairs, then rising to her feet without using her hands.

The illustrated song, "The Spot My Heart Calls Home," sung by Joel M. Thompson, was a beautiful thing and handsomely illustrated. It was well sung.

Fred and Besie Lucier, in a musical comedy sketch were a-roar from start to finish.

The program ended with a touching dramatic number by the cameragraph, entitled "The Village Inventor."

Messrs. Low and Wright are to be congratulated upon their auspicious opening and the city is to be congratulated upon having a vaudeville theatre which would be creditable in a city of any size.

MESSENGERS RUN THROUGH

Change in Handling M. & I. Traffic Will Take Place Soon—Train Service the Same

The Little Falls Transcript says:—A change which is soon to take place in the handling of part of the Minnesota & International traffic will take A. E. Wheeler, who has been in charge of the local baggage rooms, from the city. Mr. Wheeler has been secured as an additional baggage messenger and will run from St. Paul to International Falls. As soon as his successors has become acquainted with the work in the local depot, Mr. Wheeler will commence work on the road and at that time the messengers will commence running straight through.

In accordance with the present system the messengers as well as the train crew run only from this city to International Falls and part of the train equipment is secured from trains 15 and 16. Under the new system, the messengers will run straight through from International Falls to the cities. The train service will, however, remain the same, according to the present plans and the north bound train will receive part of its equipment from No. 15, while the ingoing train will transfer part of its equipment to No. 16. The change will also effect Alvah Longley of this city, who is messenger on the Minnesota & International run.

After May 1 it is planned to make the International Falls run daily one rather than six days a week as at present.

The Demon of the Air

is the germ of LaGrippe, that, breathed in, brings suffering to thousands. Its after effects are weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys. The greatest need then is Electric Bitters, the splendid tonic blood purifier and regulator of the stomach, liver and kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system and restore health and good spirits after an attack of Grip. If suffering, try them. Only 50c. Perfect satisfaction guaranteed. tts

CONGRESSMAN MANN.

Cast Only Vote Against the Publicity Measure.

AFTER KILLING BENEFACTOR

Aged Man Ends His Own Life With a Bullet.

Boston, April 19.—Turning upon the man who befriended him, Edwin Bishop, aged seventy years, shot down Lieutenant George Somers of the Salvation Army in the bathroom of the latter's home in Dorchester and then, walking past the woman whom he had just made a widow, with a smile on his face, sought the attic and ended his own life with a bullet.

The police believe that Lieutenant Somers was killed while trying to prevent Bishop from committing suicide.

IMPORTANT WITNESS IN HYDE CASE DEAD

Dr. Twyman Was the Hope of the Prosecution.

Kansas City, April 19.—Scarcely had the state completed its opening statement in the murder trial of Dr. B. C. Hyde when Dr. G. T. Twyman, one of the prosecution's most important witnesses, died at a local hospital. He was stricken last Saturday. Acute diverticulitis caused death.

Dr. Twyman was for years the Swope family physician. When the nurses struck at the residence and accused Dr. Hyde, they carried their complaint to Dr. Twyman. He called Dr. Hyde to his office and told him he was suspected. In other matters than those pertaining to his duties as a physician Dr. Twyman was a confident of the Swope family. Upon him the state depended largely to prove that Dr. Hyde bled James Moss Hinton to death. He was also expected to testify regarding the alleged attempt of Dr. Hyde to poison Miss Margaret Swope.

Mrs. Swope was Dr. Twyman's patient when, it is said, Dr. Hyde tried to kill her. When Dr. Hyde's attorneys took a deposition from Dr. Twyman he refused to criticize Dr. Hyde.

Approved Hyde's Work.

Without going into detail, Dr. Twyman said he approved in general of Dr. Hyde's work in connection with the illness of various members of the Swope family. So valuable did the state consider the testimony of Dr. Twyman that at one time Prosecutor Conkling thought of discharging the jury that had been chosen but not sworn, and awaiting the recovery of the physician before beginning the trial.

Dr. Hyde sat calmly between his wife and his father in the criminal courtroom and heard himself described as a man whose greed for gold had made him a poisoner and murderer.

It was Attorney James A. Reed, who, in the course of delivering the prosecution's opening statement in the case, thus painted the physician.

When Mr. Reed closed Mrs. Hyde turned, patted her husband on the shoulder, and said:

"You did fine."

The charge that Dr. Hyde poisoned Colonel Thomas H. and Chrisman Swope by the use of cyanide of potassium as well as strychnine, was the only new feature brought out in Mr. Reed's address.

Frozen to Death in Storm.

Portage la Prairie, Ont., April 19.—The body of William D. Bell, a pioneer resident, who had been missing from his home since Thursday, was found lying face down in the snow about a rod from the race track at Island park. He was an old man and it is thought he lost his bearings in the fierce storm on Thursday.

Impure Foods Banished.

Pierre, S. D., April 19.—Professor Cook, state pure food commissioner, has filed a summary of his work with the governor, declaring that the pure food law has practically driven adulterations from the market in the state. As soon as the soft drink season opens he will look after that phase of the question.

PAYS TRIBUTE TO WOMAN

President Taft Talks to Daughters of the Revolution.

PRAISES AIMS OF SOCIETY

Patriotism Should Not Be an Occasional Outburst, But a Constant Feeling of Allegiance—Chief Executive Presented With a Chair Made From Wood of the British Frigate Augusta.

Washington, April 19.—The opening session of the nineteenth national convention of the Daughters of the American Revolution was addressed by President Taft.

The congress was called to order by Mrs. Matthew T. Scott, the president general, amid a scene of patriotic color and enthusiasm. President Taft was heartily greeted by the Daughters as he entered the hall to the strains of the "Star Spangled Banner," played by the United States Marine band.

In presenting Mr. Taft to the convention, Mrs. Scott said it had been rumored that the president of the United States was not in favor of woman suffrage, and that undoubtedly he had reached that conclusion as a matter of principle after a careful consideration, but that as it may, the Daughters of the American Revolution who had been fond of Mr. Taft, the man, had been in love with Mr. Taft, the president, and welcomed him to their midst.

In response to this echo of the woman suffrage convention, the president paid a gracious tribute to woman. He confessed that when he came into Continental hall he did not expect to have presented to him matters of controversy, and said he would address the association without discussing the power and plane of woman, which, he said, "we all agree is so high that it ought not to be a matter of controversy."

Congratulated the Daughters.

He congratulated the Daughters upon the erection of Continental hall, which he said gave the impression of substance and permanence to the Daughters of the Revolution which aimed to promote the patriotism of the citizens of the country.

He praised the aims of the society to keep constantly before the nation the persons, the places and the events whose memory aroused in every true American heart the love of country. He said the Daughters of the Revolution proceeded on the theory that patriotism should not be an occasional outburst every four, five or ten years, but a constant feeling of allegiance which every man and woman entertained.

Mrs. William Libbey, state regent of New Jersey, presented to the president as a gift to the nation, a chair made from wood of the British frigate Augusta, which was sunk in the Delaware during the Revolutionary war by the Continental batteries at Red Bank. The vessel was recently raised by the New Jersey Daughters who are preserving its parts as relics of the war for freedom. The president graciously accepted the relic and promised to carefully preserve it during his term of office.

CHIEF OF POLICE INJURED

One Result of Roosevelt's Visit to Budapest.

Budapest, April 19.—Colonel Roosevelt's visit to Budapest has already cost the chief of police a broken leg and if the enthusiasm of the Hungarian populace continues throughout his stay there is no telling what the final count will be.

The chief of police was caught in the crush at the railway station, knocked down and trampled on. He tried his best to save himself by telling the people who he was, but the great throng was bent on just one thing—getting just as near Roosevelt as possible—and had the chief been emperor it is probable the result would have been the same.

Roosevelt said the struggle at the station reminded him of a New York department store bargain day rush. He was literally raised off the ground and carried forty feet by the enthusiastic mob, but emerged without a scratch.

Disappointed Man Ends Life.

Dickinson, N. D., April 19.—Failure to solve the problem of perpetual motion caused John Krogeland, a farmer residing near Gladstone, to commit suicide. Krogeland had been a student of the question and when he felt he had mastered it, only to discover that he did not get the anticipated results, he fired a bullet into his brain.

Unknown Man a Suicide.

Willmar, Minn., April 19.—The body of a stranger was found hanging from a crossbar in a refrigerator car in the railroad yards here. The man had thrown a thin rope over the crossbar and after fastening it securely around his neck had let himself drop. His knees were about two inches from the floor of the car.

GENERAL CLARKSON.

Retires as Surveyor of Port of New York.

GENERAL CLARKSON QUILTS

Surveyor of the Port of New York Retires From Office.

New York, April 19.—After eight years of government service as surveyor of the port of New York, General James S. Clarkson, formerly chairman of the Republican national committee, retired from office and was temporarily succeeded by Chief Deputy Surveyor George J. Smyth. General Clarkson was presented with a huge silver loving cup and a gold watch and chain as tokens of affection and esteem from the employees of the surveyor's department who served under him.

General Clarkson's successor has not been named.

WILLIAM J. BRYAN IN NEW YORK CITY

Returns From His Trip to South America.

New York, April 19.—William J. Bryan is home. He reached New York full of enthusiasm about the wonders of South America, and with absolutely no ideas, so far as he was willing to admit, about the state of affairs political in this country.

The steamship Caracas, on which Mr. Bryan came from San Juan, P. R., was held up outside Sandy Hook by a heavy fog. At the quarantine station composed of six men, awaited his coming. They were members of the Circumnavigators' club, of which Mr. Bryan is a member. There was not a politician on hand to greet him.

The fog thinned out sufficiently to allow the Caracas to come up the bay. Mr. Bryan left Lincoln, Neb., Nov. 13, spending some time in the South American states. On Dec. 26 he left Key West for Havana. Thence he went to Jamaica, Panama, Peru, Bolivia, Chile, Argentina and Brazil, returning by way of Porto Rico.

"The object of my trip," he said, "was the study of economic and sociological conditions in South America."

"What are the chances of the Democratic party," he was asked.

"Good. Always good," was the non-committal reply.

He was asked if he would consider another candidacy for the presidency.

"I have said all I am going to say on that subject," he replied emphatically. "I think my position is understood perfectly."

ROOSEVELT HAD AUTHORITY

Garfield Defends Conservation Policy of Former President.

Denver, April 19.—In a lengthy address, delivered before the Colorado state conservation commission, James R. Garfield, former secretary of the interior, spoke on the subject of conservation of water rights, the state and federal control of water power sites and the general principles of conservation.

Mr. Garfield pointed out the dangers of monopolization of the water power sites of the country and declared that if a "water power trust" was not already in actual existence all of the elements that go to make up such a trust are present and the tendency towards such centralization is growing stronger every day.

He defended the course of former President Roosevelt in making use of a broad executive authority in withdrawing water power sites and sought to show by quotations from the Constitution and from the decisions of Chief Justice Marshall that the chief executive of the nation was fully empowered to conserve such public interests under the broad rule of the "general welfare."

Mark Twain's Condition Serious.

Redding, Conn., April 19.—Mr. Clemens is said to be resting very comfortably and feeling quite bright. It is understood, however, that while Mr. Clemens has improved since his arrival here, his condition is still serious.

NO PRECEDENT FOR THE ACTION

Mass Temperance Meeting Under the auspices of the Anti-Saloon league, the Hon. Seaborn Wright one of the greatest temperance orators of the United States, whose native state is Kentucky, will deliver a county option lecture at the opera house on Tuesday evening, April 23. During the afternoon, those interested in temperance legislation from Crow Wing and several other counties of the legislative district will meet in session at the same place, among them several of the leading anti-saloon workers of the state. Invitations have been sent out to all temperance workers, and the temperance advocates of the city and county are planning along definite lines to nominate men who are in sympathy with the movement. The committee will announce further particulars later.

The Call of the Blood

for purification finds voice in pimples, boils, sallow complexion, a jaundiced look, moth patches and blotches on the skin—all signs of liver trouble. But Dr. King's New Life Pills make rich red blood; give clear skin, rosy cheeks, fine complexion, health. Try them. 25c. tts

Hiking Party

When?—April 19, 1910.
By whom?—Christian Endeavor of the Presbyterian church.

Hike too?—To all the interesting places of Brainerd with a 15 cent lunch at Schulz's, East Brainerd.

Who's invited?—Everybody. Come and have a good time with us. Meet at the Presbyterian church at 7:15, or we will call for you at Wingate's, north 16th street, or Schulz's at 8:15. Those who do not care to "hike" may remain at Schulz's where an entertainment will be provided for them.

Business Buildings Burned.

York, N. D., April 19.—Fire destroyed three business buildings in this city, entailing a loss of \$7,300. The J. S. Gladson butcher shop, the W. B. Runcorn billiard hall and a barber shop, also owned by Runcorn, were burned, the blaze having its origin in the butcher shop.

Saved from the Grave

"I had about given up hope, after nearly four years of suffering from a severe trouble," writes Mrs. M. L. Dix, of Clarksville, Tenn. "Often the pain in my chest would be almost unbearable and I could not do any work, but Dr. King's New Discovery has made me feel like a new person. Its best medicine made for the throat and lungs." Obsolete coughs, stubborn colds, hay fever, la grippe, asthma, croup, bronchitis and hemorrhages, hoarseness and whooping cough, yield quickly to this wonderful medicine. Try it. 50c and \$1. Trial bottles free. tts

O'BRIEN AND LLOYD-GEORGE

Engage in Altercation in House of Commons.

London, April 19.—Battle over the revived budget begun before a crowded house of commons with the introduction of Premier Asquith's guillotine motion, under which the finance bill must be disposed of by April 27. A feature of the debate was the intervention of William O'Brien, who bitterly attacked David Lloyd-George, the chancellor of the exchequer.

In the strongest terms Mr. O'Brien insisted upon the correctness of the statement which he made in Cork that the chancellor had promised the Nationalists as concessions for their support of the budget relief from the spirit, stamp and succession duties, brewery licenses and land taxes and from a general revaluation.

Mr. Lloyd-George, replying, declared again that Mr. O'Brien's account of their interview was grossly inaccurate.

Worse than Bullets

Bullets have often caused less suffering to soldiers than the eczema L. W. Harriman, Burlington, Mo., got in the army and suffered with forty years. "But Bucklen's Arnica Salve cured me when all else failed," he writes. Greatest healer for sores, ulcers, boils, burns, cuts, wounds, bruises and piles. 25c. tts

Government Will Investigate Alleged Cotton Pool.

WILL BE MADE IN NEW YORK

Attorney General Wickersham Orders Inquiry Into Gigantic Bull Movement in Cotton With Which the Names of Patten, Hayne, Brown and Scales Have Been Popularly Connected.

New York, April 19.—There will be started in New York at once a federal investigation without precedent in this country. The attorney general of the United States has ordered an inquiry into the gigantic bull movement in cotton with which the names of James A. Patten of Chicago, Frank B. Hayne and William P. Brown of New Orleans and Eugene Scales of Texas have been popularly connected.

Hayne and Brown both appear as defendants in the proceedings, but it could not be learned whether Mr. Patten will be subpoenaed at Chicago to come here and testify. He has been generally credited, however, with being the financial genius of the pool and in recent interviews he has outlined his bullish position and his determination to fight the supposed bear clique which has been reshipping cotton to this country from England in an endeavor to break the market. The bull movement has reached such a stage, however, that there are rumors of a possible May corner in the New York market.

Never before has the government brought similar action against any pool operating in the market on either the long or the short side. Meager are the details of the proposed inquiry available. Subpoenas were issued at the direction of Mr. Wickersham commanding a dozen or more prominent New York cotton brokers to appear before a special grand jury to testify in the matter of the "United States against Frank B. Hayne and William P. Brown."

Announcement of the government's action was followed by a very excited break in prices on the New York Cotton Exchange, which at one time bid fair to result in almost as great a demoralization as that noted last January.

ALARMS THE MILL OWNERS

Action Instituted by the Federal Authorities.

Atlanta, Ga., April 19.—Cotton mill operators are alarmed over the action instituted by the federal authorities against the leaders of the bull campaign and profess to see in it a covert effort on the part of certain New York cotton brokers to get relief from contracts with mills. They assert that the government unwittingly is co-operating with the bears in another and what they fear will prove a most disastrous raid.

Many mill owners in this section wired congressmen and others appealing to them to institute an investigation with a view to uncovering the "conspiracy" which they declare appears to exist.

NEW HOTEL IS DEDICATED

Elaborate Banquet Held in the Saint Paul.

St. Paul, April 19.—In the beautiful palm room, with the atmosphere heavy with the odor of thousands of American Beauty roses, with a selected orchestra playing a programme that ran from light opera to the stately strains of the "Star Spangled Banner" and in the presence of an assemblage such as no other occasion in the state's history has ever drawn together at one time and place, the new Saint Paul hotel was formally opened and dedicated.

It was altogether fitting that the first hospitality in the Saint Paul should be attended by the business, commercial and professional men of the city after which it is named. More than 300 of the Northwest's most prominent men attended the banquet. Present were the governors of two states, the mayors of two great cities, James J. Hill, whom Pierce Butler, the toastmaster, introduced as "the master builder of railroads in the history of the world;" the presidents of two great transcontinental railroad systems, the venerable Archbishop Ireland and scores of men whose names stand high in trade and financial circles.

One Man Scalded.

Duluth, April 18.—One man was scalded by escaping steam and the lives of several others were endangered when a flue in the boilers of the steamer Hoover and Mason of the Tomlinson line blew out, putting the boat in a helpless condition.

Two Thousand Sheep Perished.

Winnipeg, Man., April 19.—More than 2,000 sheep have been discovered under the snow in the Chin Coulee district of Southern Alberta. They were burned last week in a prairie fire and were buried by the snow storm which followed.

Have you been counted.

If Kool's business column is read as assiduously as his column on "politics and hings," in the Cass Lake Times, it should be a paying proposition.

Some fellow has figured out that there are 125 weddings an hour on an average the world over. He must be one of those hot included or the problem would have been left to some one else.

Duluth had a very serious time Saturday night when the entire city was in darkness and the street car traffic tied up at a time when people wanted to get home. A heavy snow and rain storm paralyzed the lighting and power system—and the general public were so put out about it that they got real mad, everybody but the hack drivers and chauffeurs.

The Todd County Argus takes the Motley Mercury to task for saying that as the general public cannot hope to expect for any political rewards for supporting Mr. Lindbergh this year it must be from pure motives of patriotism. The Argus takes the view that he is getting support from some people who are afraid of opposing him. That kind of support will bear watching.

Congressman Lindbergh writes the Dispatch that he would like persons who have any specific or special knowledge of unfair freight or express rules, regulations or charges being made in their localities to write him giving details for his guidance as congress will be engaged for the next three weeks or more in considering the interstate commerce bill. Letters dealing with actual conditions can be used to advantage, especially with other members, but all communications marked personal will be so treated.

The recent cold snap covering almost the entire northwest has caused untold loss in the damage to fruit and vegetable crops in many states. Three nights of freezing weather have practically put an end to the plum, currant and gooseberry crop in this section, and all fruit buds of whatever variety that were out have been killed. The blueberry crop will be practically a complete loss as the exceedingly mild weather had brought out the blossoms a month

earlier than usual and the freeze up caught them. It is a question whether strawberries and raspberries are injured and some authorities claim that these fruits will be as plentiful as though the cold spell had not been experienced. In Iowa an authority on the subject claims that the loss on early vegetables and fruits will reach far in excess of \$5,000,000.

I. S. Potts, agent of Martin's Uncle Tom's Cabin, which comes to Brainerd Wednesday, April 27, dropped in town last night. He is a personal friend of Mark Twain, who is seriously ill at his county home in Riddling, Conn. Mr. Potts stated to a Dispatch man that a short time ago he wrote to Mark Twain for some information about one of his plays and did not receive any reply, and Mr. Potts said he had written the second time and no reply came, and the third time send a two cent stamp and a piece of paper and a few days later Mr. Potts received a postal card from Mark Twain saying he had received the stamp and paper and to send an envelope.

Beware of Ointments for Catarrh that Contain Mercury as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and is made in Toledo, O., by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 75c per bottle.

Take Hall's Family Pills for constipation.

Just a Bit.

Jack—Your horse has a tremendous long bit.

Tom—Yes; it's a bit too long.

Thousands of appointments are to be made. Common school education is all you need; city and country people have equal chance. Start to prepare now—free information. Free scholarships this month. Write immediately to Central Schools, Dept. T, 12, Rochester, N. Y.

DEATH OF JOHN GOEDDERZ

Old Resident of Brainerd Passed Away Monday Evening at Age of Nearly Eighty

John Goedderz, for over 34 years a resident of Brainerd died Monday night of septic poisoning. The funeral will be held at St. Francis Catholic church, conducted by Rev. J. J. O'Mahoney, but the time will not be set until Peter Goedderz, who lives at Fir, Wash., is heard from. It is thought that he is already on his way here as he had been notified of his father's critical condition.

John Goedderz was born near Boone, Germany, Nov. 30, 1830. He came to America in 1853 and was married in Wisconsin in 1866 to Mary Adler, who survives him. To them eleven children were born, of whom nine are living. All except Peter Goedderz, of Fir, Wash., are residents of Brainerd and were at his bed side when death came. The names of the children are Mrs. Anna Betzold, Mrs. Margaret Betzold, John Goedderz, Jr., Michael Goedderz, Mrs. Mary Gabion, Peter Goedderz, Miss Susan Goedderz, and Joseph Goedderz.

The deceased was well known throughout the city by reason of his long residence and had the respect of all who knew him. The bereaved family have the sympathy of a large circle of friends.

This we propose to keep, and expect to live and die in BRAINERD. In 1931 we cast our lot here in BRAINERD and, while we have seen many "ups and downs," we have never lost

\$20,000 IN BONDS FOR IMPROVEMENTS

City Council Passed Resolution to Sell Revolving Fund Bonds to the Limit

E. W. DUNN GRANTED LICENSE

Application for Saloon at Corner of Laurel and Seventh Streets Approved

The city council was called to order in regular session at the city chambers Monday evening by President Twohey. The following members were present to answer to roll call: Henning, Cardie, Robertson, Zakariasen, Gardner, Drexler, Kjellquist, Dieckhaus and President Twohey. Absent Alderman Paine.

The minutes of the last meeting were read and approved.

President Twohey read an invitation from the management of the new Grand theatre asking the city council and officers to attend the grand opening at nine o'clock. All expressed themselves in favor of accepting the invitation and President Twohey urged the members of the council to expedite matters so they could adjourn at nine o'clock.

Permission was granted Rev. Christian Hougstad to address the council. He referred to the curbing put in on Oak street, near Bluff Ave., as serving no effective purpose, that the present city engineer claims the church is in the street. He stated that the old members of the congregation in 1904 had employed the then city engineer and expected their church to be so located as to be in the clear. There was now a discrepancy between engineer's reports and he respectfully asked the council to investigate the matter.

On motion the matter was referred to the street committee to report at the next meeting.

A communication was read from Wm. Nelson, secretary of the water and light board, stating his board thought the bill for one month's office rent at \$30 was excessive. On motion the matter was referred to the combined committees of the electric and water and lights board.

The finance committee presented its report, as follows, dated April 1 and 2:

Current expenses fund.....\$ 6,055.48
Miscellaneous fund..... 3,184.85
Revolving fund..... 909.98
Electric light fund..... 14,928.11

Total.....\$25,078.42

The report was accepted and placed on file.

The election of officers of Hose Co. No. 4 was reported as follows:

Foreman—Pete Peterson.
First Asst.—Frank Frandt.
Second Asst.—Andrew Aro.
Secretary—Julius Twist.
Treasurer—Andrew Peterson.

On motion the election was confirmed.

Alderman Henning of the ordinance committee reported and was granted further time.

Alderman Henning of the fire committee recommended that the claim of W. W. Winters of \$5 for service as fire police be allowed. On motion the bill was allowed and ordered paid.

Alderman Zakariasen of the purchasing committee reported the purchase of 300 tags. These tags are to be used in carrying out the provisions of the dog license ordinance.

Alderman Henning of the fire committee, reported receiving notice of expiration of insurance on the hose house and fire house, and on motion the policy was renewed for three years.

Alderman Henning, of the fire committee, reported that \$75 was paid each year from the fire relief fund to each company. Numbers 1, 3 and 4 were in good standing. He recommended that the \$75 due hook and ladder company not in good standing be discontinued.

Alderman Drexler, of the sewer committee, reported that the Fifth street sewer, near Fifth and Maple was in bad condition and should be replaced by 60 feet of two-foot pipe.

Alderman Robertson wished to know where the money was to come from and if they expected abutting property owners to pay for same. After considerable discussion the matter was referred to the city attorney with instructions to report on the legality of assessing abutting property owners.

Alderman Robertson reported on the Third ward district sewer. He gave a list of property on which taxes were delinquent, one lot back to 1886, two lots to 1889. He stated his report covered delinquent taxes on 26 blocks.

President Twohey observed that this district had been surveyed three times.

Alderman Cardie stated the residents should present a petition. Alderman Robertson recommended that the council instruct the city engineer to draw plans and specifications and give estimated cost on district sewer in N. E. Brainerd.

Motion carried.

Permission was granted James R. Smith to use the street while making repairs to the Sleeper block.

The application of E. W. Dunn for a liquor license was presented. Alderman Robertson stated his only objection was in regard to the location of the saloon. Alderman Cardie spoke in favor of Mr. Dunn. On motion the ayes and nays were called. All voted aye except Aldermen Robertson and Kjellquist, and the application was granted.

City Engineer Whiteley presented his estimate on curbing and paving Laurel street between South Fifth street and the Mississippi river, total costs of improvements being \$5,402.80. On motion the report was accepted.

Ordinance 226, relating to the de-

A Spring Suit Sale

We have selected some excellent suit bargains to offer to you for the remainder of this week. These embody every late style effect; are of the best tailoring and the colorings are just such as fashion is calling for.

We will make prices during this week which we shall not continue. Our suit stock is a bit heavy and we have selected certain ones we shall sell. There is a large assortment and every garment is an approved one. Note the prices.

A Large Line of Suits at but \$14.95

These are beautiful styles and excellent cloths. They represent a fine lot of spring colorings. The tailoring is such as you would expect to find in much higher qualities. There is not a garment but that will give from \$18.50 to \$20.00 in service and should sell at these prices. We know that you will find these extraordinary bargains. Remember, until Saturday night at \$14.95.

Suits at \$25.00—Values are Unusual

Suits at \$25.00 are classed as popular priced suits. We shall give you suits worth much more than this amount this week for \$25.00. Fact is, every one should sell for more than \$25.00 and the \$25.00 price is made for this week only. The lot represents a beautiful line of colorings and the best tailoring that you will find anywhere.

Some More Sample Suits on Sale

We still have a few sample suits and the bargains are so big that you will be effecting a big saving on your suit purchase. These were used for a short time in a display room and do not show wear or soiling. Sizes from 34 to 36. They will sell as follows:

\$37.50 Sample Suits will sell at \$27.85 \$30.00 Sample Suits will sell at \$22.50
\$35.00 Sample Suits will sell at \$26.25 \$25.00 Sample Suits will sell at \$18.75

A Plenty of Beautiful New Coats

We are just in receipt of another shipment of beautiful long spring and summer coats. These are beautiful garments; embody every late style effect and sell at popular prices—Select your coat now.

H. F. MICHAEL CO.

NEW ARRIVALS TODAY

for the LITTLE FELLOW

With the first blush of spring we have opened up a line of the finest novelties in children's spring and summer suits. Never were the styles in clothing for children more "taking" than they are this spring.

WASH SUITS

It is with pleasure that we announce to the mothers the arrival of the most extensive and beautiful line of washable suits ever shown in our city. Russian Blouses and Sailor Suits in Linen, Cotton, Galateas, Chambrays, Drill and Duck.

50c, 75c, \$1.00, \$1.25 up to \$2.00

We are endeavoring so make our big store the headquarters for the little fellow and can fit him out from Head to Toe as completely and with the same satisfaction as we do his father and older brother.

USE NEW PHONES

TOMORROW

New Telephone Exchange Will be Out in About 4:30 Wednesday Morning

SHOULD CONSULT DIRECTORY

Patrons Should Consult New Book Before Calling, as Many Numbers are Changed

Today is the last day which the old local exchange of the Northwestern Telephone Exchange company will be in commission. Everything is now practically in readiness to change to the new system and it will be "cut in" to use a technical term, about 4:30 tomorrow morning. The new phones, with the exception of a few on the outskirts of the city, will be in commission at that time. In these few instances it had been necessary to use the old wires and pole lines from the ends of the cables and men will be sent out just as soon as it is light enough to see to cut in the new machines. The switchboard in the Ransford is now in place and as soon as Mr. Wise is well enough to supervise the placing of the phones the new house system will be put in service.

The management of the exchange wishes the Dispatch to caution the subscribers to consult the new directories before calling up with the new system as many of the numbers have been necessarily changed. It would also be well to read carefully the rules and regulations as the new system is in many ways radically different from the old. Mr. Howatt, the district plant manager, states that they have endeavored to place directories with all subscribers, but that if any have been missed and will notify the office they will be gladly furnished.

RE-ELECTED OLD OFFICERS

All Old Officers of the Brainerd Fire Department Were Chosen for Another Term

The Brainerd fire department held its annual election Monday night. The chief is elected by the city council and the First Assistant chief is chosen by the chief with the consent of the council, which left only the following officers to be elected, all having held the same positions last year:

Second Assistant Foreman—Ira White.
Treasurer—Silas Hall.
Secretary—O. L. Ovig.

MRS. L. J. ERICKSON DEAD

Wife of Former Fourth Ward Alderman Expired Monday Night of Pneumonia

Mrs. L. J. Erickson, wife of former Alderman Erickson, 1603 Norwood street, passed away last night after a five days illness of pneumonia. The funeral will be held Friday afternoon at the family residence at 2 o'clock and at the Swedish Baptist church at 2:30. The services will be conducted by Rev. O. S. Jacobson and will be followed by interment in Evergreen cemetery.

Mari Anna Martinson was born in Visby, Sweden, September 22, 1870. She came to America in 1890 and to Brainerd, where she has since resided in 1892. On August 1, 1895, she was united in marriage in this city to L. John Erickson, who survives her. To them were born five children all of whom are living, their ages ranging from 14 years of age down to 5. They are Harold, Edward, Florence, Helen and June. Mrs. Erickson was a woman who had many friends and a large circle will extend heartfelt sympathy to the bereaved family.

LIBRARY BOARD MEETING

Governing Body Met Monday Night and Transacted Considerable Important Business

The library board held a special meeting Monday evening. The ladies who have charge of the children's story hour at the library every Saturday and the Ladies Musical club were given permission to plant flowers or small shrubs on the library grounds on Arbor day and wish to thank the ladies.

A communication from the state secretary, Miss Baldwin, was read requesting a round table meeting here about May 12th. The secretary was instructed to assist the librarian in carrying out the plans to comply with the request.

The building committee was given permission to make necessary repairs on the roof.

The resignation of Miss Maud Halliday was read and accepted.

A librarian will be elected at the next regular meeting, Monday April 25th.

Children who are Sickly

Mothers who value their own comfort and the welfare of their children, should never be without a box of Gray's Sweet Powders for Children, for use throughout the season. They break up colds, cure feverishness, constipation, teething disorders, headache and stomach troubles. THESE POWDERS NEVER FAIL. Sold by all drug stores, 25c. Don't accept any substitute. A trial package will be sent free to any mother who will address Allen S. Olmsted, 146 Roy, N. Y.

SMITH BROS.

Sleeper Block

Brainerd, Minn.

No Heat Except Where Needed

Dishes hot—food well cooked—kitchen cool. No underdone food—no overheated kitchen in summer. Everything hot when wanted. Heat under perfect control and concentrated.

The blue flame is all heat—no smoke—no odor—no dirt. These are

some of the advantages in using the

New Perfection Oil Cook-stove

It has a Cabinet Top with shelf for keeping plates and food hot. Drop shelves for the coffee pot or saucepans, and nicked towel racks.

It has long turquoise-blue enamel chimneys. The nickel finish, with the bright blue of the chimneys, makes the stove very attractive and invites cleanliness. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

CAUTIONARY NOTE: Be sure you get this stove—see that the name-plate reads "NEW PERFECTION." Every dealer everywhere; if not at yours, write for Descriptive Circular to the nearest agency of the

Child Dragged to Death.

Linton, N. D., April 19.—The five-year-old son of Mr. and Mrs. Clark Buck was killed near their home. The lad climbed upon an improvised seat on a harrow and was thrown off when the horses became frightened and ran away. A compound fracture of the skull resulted when the child was dragged by the teeth of the harrow.

Coyote Hunter Killed.

Miles City, Mont., April 19.—Angus Cameron of Brandenburg was found near the ranch of Brandenburg with his neck broken, as was that of his horse, both having gone over a cut bank while the rider was chasing a coyote.

This is the Stove Polish All the Housewives Are Talking About
It is so much better than other stove polishes that it is in a class all by itself.
Makes a brilliant, silky polish that does not rub off or dust off, and the shine lasts four times as long as ordinary stove polish.
Used on sample stoves and sold by hardware dealers.
All we ask is a trial. Use it on your cook stove, your parlor stove or your gas range. If you don't find it the best stove polish you ever used, your dealer is authorized to refund your money.
Insist on Black Silk Stove Polish.
Don't accept substitutes.
Made in liquid or paste—one quality.

FOR IMPROVEMENTS

(Continued from Page 3)

ceived its first reading.

A resolution regarding the position of ornamental lamp posts was adopted as follows:

All corner posts shall be set 7 1-2 feet from the extended property line towards the center of the block and all other posts set 95 feet apart, the outside of each post to be placed against the inside of the curbstone. The streets or parts of streets affected embrace the business portion of town, and are Front, Laurel, Maple, 5th, 6th, 7th and Broadway.

A resolution regarding the curbing of North Seventh street between Main and Juniper streets was adopted, all voting aye, application to do same having been made last fall.

Alderman Robertson spoke regarding the protection of the streets while work was being done there, and mentioned the case of a lady who fell into some excavating work near the corner of Juniper and Eighth streets. He said he had spoken to a local contractor about this matter. All expressed themselves as favoring the proper display of red lights at night on all construction work. As the amount on hand in the revolving fund for internal improvements was only \$900, resolution was introduced authorizing the bonding of the city for \$20,000.00 as follows:

Whereas, by the provisions of a chapter of the charter of the city of Brainerd there is established a fund known as the "Permanent Improvement Fund," and

Whereas, there is now in said fund sufficient money to pay the interest on all such outstanding bonds,

Be it Resolved, that for the purpose of further funding and maintaining said permanent improvement revolving fund, the city of Brainerd issue and sell at no less than par and accrued interest, its coupon bonds in the denomination of One Thousand Dollars to the amount of \$20,000, said bonds shall draw interest at the rate of five per cent per annum, payable semi-annually, payable at the city of Brainerd 15 years from date thereof.

That said bonds be sold at public sale on May 16, 1910, at 8 p. m., said

sale to be advertised three weeks in the official paper.

This brought up a lively discussion. Mayor Ousdahl wished to issue but \$10,000, desiring to raise money only in such amounts as the city was in immediate need of. The resolution was adopted.

Alderman Zakariassen urged that the general sewer should be extended from the dump to Oak street, which was referred to the sewer committee to report at the next meeting.

Alderman Henning desired the opening up of Fifth Ave., north of Ash Ave. The matter was referred to the street committee to report at the next meeting. Alderman Zakariassen also brought up the matter of opening up of 12th street. It was referred to the same committee with the same recommendations.

Alderman Robertson stated the city had no contract at present for having cement work done. The city attorney was instructed to draw up a resolution covering the matter.

A motion was carried that the matter of equalizing the hours of work and wages be referred to one member each of the four committees on fire, finance, street and water, such members to be appointed by the chair. All voted aye.

The city attorney presented the resolution wherein the city asked for bids on cement curbing, sidewalks, etc. All voted aye.

The matter of advertising for the paving of North Ninth street was left with the city attorney to prepare resolution.

Through President Twohey's rare Celtic humor and energy the council managed to expedite business and then adjourned to accept the invitation of the new Grand theatre.

Nervous Headache

And muscular rheumatism disappears with the use of Dr. A. W. Chase's Nerve Pills

Feeble, wasted, starved nerves often make their condition known by nervous headaches. This is one of the first and most marked symptoms.

If you are at all subject to rheumatism you have noticed how much worse it gets when the system gets run down. Both nervous headache and muscular rheumatism disappear when Dr. A. W. Chase's Nerve Pills are used to rebuild and revitalize the wasted and weakened body.

You cannot possibly make a mistake in using Dr. A. W. Chase's Nerve Pills when the nervous system gets run down, for by forming new, rich blood this great restorative builds up the nerve cells as nothing else can.

When you have made up your mind to test this treatment, go at it in earnest and keep at it regularly until you feel again the joy of health and vigor. You are protected against imitations by the portrait and signature of A. W. Chase, M. D., on the box. 50 cts. a box, all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.
